

Methodology for Data Collection & Publication

A) Data Collection and Compilation Process

The publication year refers to the calendar year (1st January to 31st December of 2017). The data collection process including clarifications from the States/UTs/Central Agencies started in August, 2018 and continued till July, 2019.

a) State/UT Police:

- i. The annual State/UT data for “Crime in India” is furnished by the 36 States/UTs in the NCRB prescribed proformae through software application developed by NCRB.
- ii. Similar data is also furnished for 53 Metropolitan Cities by respective SCRBs /CIDs (i.e. Metropolitan Cities which have the population of 1 million (10 lakh) or more as per Population Census, 2011. However, data pertaining to only 19 Metropolitan Cities which have crossed the population of 2 million (20 lakhs) is being published. The data for remaining 34 Metropolitan Cities would, however, be available on NCRB Website.
- iii. The data is entered by State/UT Police at Police Station/District level.
- iv. A training is conducted every year for the functional officials (Police constables, HCs, ASIs, SIs, etc. from all States/UTs) to explain the various issues including entry of data in input tables.
- v. The consolidation of District/State level data is done by State Police Agencies (SCRB/ CID).
- vi. First level data validation is done at the Police Station/District level during the data capturing process itself and Second level data validation is done at the time of consolidation of District data by the State Police through the NCRB application.
- vii. Data is scrutinized at NCRB for discrepancy / inconsistency, if any. The same are communicated to the respective State/UT for verification and rectification, if any.
- viii. Amendments/Rectifications, if any, in the data are incorporated in the database by NCRB.

b) Central Law Enforcement Agencies/CAPFs/CPOs:

Details of cases registered under Prevention of Corruption Act, Direct Taxes Enactments, Customs Act, Seizures under NDPS Act, etc. are being furnished by the respective Central Agencies viz. CBI, Central Board of Direct Taxes, Directorate of Revenues Intelligence, Narcotics Control Bureau & CAPFs/CPOs have been published in the Chapter 20 on Seizures.

c) Compilation at NCRB:

- i. After receiving final data from all States/UTs including Metropolitan Cities, All-India data is generated by NCRB.
- ii. The National Level tables for the “Crime in India” publication are generated through the application and cross checked for discrepancy, if any.
- iii. These tables are presented in the form of compilation “Crime in India (Statistics)”.

B) Methodology Adopted for the Present Publication (2017)

a) Principle Offence Rule:

As per the International Standard, the Bureau follows ‘Principle Offence Rule’ for counting of crime.

b) Population

Sl. No.	Segment	Source	Year of Population
1.	IPC & SLL	RGI	Estimated on the basis of 2001 Census for 2017
2.	Women	RGI	Estimated on the basis of 2001 Census for 2017
3.	Children	Ministry of Health & Family Welfare	Estimated on the basis of 2001 Census for 2014
4.	Senior Citizen	RGI	Actual Census 2011
5.	Schedule Caste	RGI	Actual Census 2011
6.	Schedule Tribe	RGI	Actual Census 2011
7.	Metro Cities	RGI	Actual Census 2011

c) Crime Rate

In order to make the Statistical Analysis more meaningful, ‘Crime Rate’ has been calculated on the basis of population of the respective segment of the population viz. Women, Children & SC/ST etc.

$$\text{Crime Rate} = \text{Number of Cases Reported} / \text{Population in Lakhs}$$

C) Improvements in Current Publication (2017)

Improvements have been undertaken to make the report more comprehensive, informative and useful for the parliamentarians, policy makers, States/UTs, researchers, academicians and other stakeholders.

Data is now being collected in greater detail for several categories of crimes. For example, under Cyber Crimes against Women & Children, NCRB is collecting crime statistics under crime heads such as Cyber Blackmailing / Threatening, Cyber Pornography, Cyber Stalking, Defamation / Morphing, Fake Profile, Internet Crimes through Online Games, etc. Efforts have been made to include sub section-wise information under Section 376 IPC (Rape). Information on major crime heads such as Kidnapping & Abduction, Causing Death by Negligence, Hurt & Grievous Hurt, Sexual Harassment, etc. have been further segregated as per their respective sub-heads. To capture the Criminal Justice System holistically, efforts have also been made to collect data on Time taken for Investigation (IPC/SLL Cases), Age profiling of Cases under Investigation (IPC and SLL Crimes), Time taken for Trials (IPC Crimes) and also for service of summons & warrants. Many new crime heads such as abetment, criminal intimidation, simple hurt, credit/debit card, online frauds, missing children deemed as kidnapped, kidnapping & abduction for begging, etc. have been included under IPC crimes. Greater detailing has been done in respect of The Protection of Children from Sexual Offences (POCSO) Act, The Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act and The Prevention of Corruption Act. Data is also now being collected under several SLL Acts such as The Chit Fund Act, The Prevention of Food Adulteration Act, The Food Safety & Standards Act, Maharashtra Control of Organised Crime Act (MCOCA), etc.
