FOREWORD

It is my proud privilege to present the 26th edition of the National Crime Records Bureau's annual report "Finger Prints in India" for the calendar year 2022. This publication is being published by the Bureau since 1997 and it is a compendium of endeavors and trailblazing success stories of the Central and State/UT Finger Print Bureaux (SFPBx) in the discipline of Fingerprint Science.

This year's publication contains details of the important cases solved by the Central Finger Print Bureau (CFPB) as well as State Finger Print Bureaux (SFPBx). It also carries information on transactional activities of State FPBx namely visits of experts to scenes of crime, chance prints lifted, convict's fingerprints enrolled, arrestee's slips processed to ascertain their criminal history, document cases examined and expert opinion furnished, etc. Statistics regarding fingerprints available in this publication will help Law Enforcement Agencies, academicians, scholars, and researchers, etc. to develop a better understanding in fingerprint domain.

National Automated Fingerprints Identification System (NAFIS) Project, a flagship project of NCRB/MHA is already operational across country and has created a national Searchable Database of criminal fingerprints accessible from across the country.

Under the Criminal Procedure (Identification) Act, 2022, National Crime Records Bureau has been mandated to collect, store, process, preserve, share, disseminate and destroy the record of measurements of convicts and arrested persons, at the national level. NCRB is gearing up to provide new modalities like face, Iris and DNA, along with fingerprints, for the purpose of Identification in near future.

I am sure that the present edition of this annual publication will make both an empirical and analytical contribution to the field, with the overall aim of maximizing the evidentiary value of Finger Prints in the Criminal Justice System. I am grateful to all State/UT Finger Print Bureaus for the co-operation extended to the Bureau in ensuring timely publication of the report. I, also appreciate the sincere hardwork of staff of CFPB, National Crime Records Bureau for their efforts in bringing out this publication.

(Vivek Gogia)
