FOREWORD

I am pleased to present the 25th edition of the annual publication 'Prison Statistics India 2019' (PSI 2019), one of the most sought after publications of National Crime Records Bureau (NCRB), which provides comprehensive statistical information on various aspects of prison administration in the country. The first edition was published during 1995.

In view of the diverse usage of the PSI publication, the chapters of the report have been dedicated to various aspects of prison administration viz. type of prisons and occupancy, prisoners types and demography particulars, details of Indian and Foreign prisoners, offence-wise statistics on convicts and undertrials, sentences and incarceration of prisoners, releases, transfers and movements of inmates, deaths of prisoners, jail breaks, escapes & firing in prisons, rehabilitation and welfare of prisoners, prison staff strength and prison budget & expenditure.

Certain improvements/refinements in the presentation have been undertaken for the sake of making it a better reading experience. Some refinements have also been made in the definitions of certain terms in the Glossary section.

I hope that this report will serve as a useful reference document for various national and international stakeholders including Parliamentarians, Policy makers, Central & State/UT Governments, Prison Administrators, Criminologists, Researchers, Academicians, etc.

I express my sincere gratitude to all Directors General / Inspectors General of Prisons and Prison Departments of the States/UTs for their painstaking efforts in providing timely data to bring out the report on time during such difficult times of COVID-19 pandemic.

I take this opportunity to appreciate the dedication and hard work put in by the Officers and Staff of the Statistical Branch of the Bureau in bringing out this publication.

The Bureau, on its own initiative, has digitized and made available all editions of the 'Prison Statistics India' publication since 1995, on NCRB website <http://ncrb.gov.in>, under proactive disclosure of information, for transparency and outreach.

NCRB welcomes valuable suggestions and feedback from the readers of this publication for further improvement in content and quality of future editions of this report, which may be sent in the form attached at the end of this report.
