Message

I am pleased to note that the 26th edition of the annual publication "Prison Statistics India 2020" containing the data for the calendar year 2020 is being released by the National Crime Records Bureau. The report serves as a principal reference document on prisons and correctional administration in the country.

2. The information on Prisons and Correctional administration contained in the report is used by various national and international stakeholders, especially Policy Makers, Prison Administrators, Central & State/ UT Government Officials and Academicians for formulation of policies focused on improvement and FOR research.

3. I take this opportunity to appreciate the efforts and cooperation extended by the Heads of Prison Departments of States and UTs to the National Crime Records Bureau for timely publication of this report, despite the difficulties faced during COVID-19 pandemic. I commend the efforts of Director, NCRB and his team in this regard.
